Bethlehem, U. S. Steel Raise Prices

NEW YORK (AP)—The Bethlehem Steel Co. announced today a 3.5 per cent price increase for its rolled steel products.

The rise is similar to that announced Tuesday by U. S. Steel Corp.

By BEN DEFOREST
PITTSBURGH (AP)—The giant U. S. Steel Corp., a leader in one of the nation's basic industries, increased its prices today.

The price hike, announced Tuesday, added an average of 36¢ to the cost of a ton of steel, which has been selling for a little more than \$150.

What effect it will have on the prices of other steel firms was not immediately determined. U. S. Steel, biggest producer in the nation, customarily sets the price pattern for the industry.

Steel prices have an effect on prices in the auto, construction and appliance industries, all big steel users.

The increase came less than a week after U. S. Steel and 10 other big firms signed new two-year labor contracts with the United Steelworkers to take effect July 1.

Those pacts, granting a 10-cent-an-hour package increase to each basic steelworker, were hailed by President Kennedy as responsible for the President's plea for an early, and noninflationary, adhering to noninflationary steel settlement.

President Leslie B. Worthington of U. S. Steel said the price hike was necessary because of a continuing cost-price squeeze on profits since 1958. He said these costs have continued to rise with-out even considering higher labor costs after July 1 under the new contracts.

Worthington described the price increase as modest, amounting to about 3.5 per cent.

President Kennedy, however, reportedly took a dim view of the hike. One of his aides said the chief executive would issue "a very strong statement against the price boost."

David J. McDonald, United Steelworkers' president, said he was "surprised, troubled and concerned" about the price hike.

Referring to the just-concluded steel-labor negotiations, McDonald said "we had no understanding and no discussion with the company on prices."

President Thomas F. Patton of Republic Steel quickly responded by saying, "Republic certainly needs a price increase, and will review the reported action of U. S. Steel immediately."

Other steel firms withheld immediate comment. Bethlehem Steel President Edmund F. Martin told a stockholders meeting Tuesday that Bethlehem was trying to hold the line on prices despite stiffening competition.

Sen. Estes Kefauver, D-Tenn., the Justice Department said they would investigate the steel price situation and hinted at possible antitrust action if there is a general round of price hikes in the industry.

On Thursday evening of next week the annual Candlelight Communion Service will be held.

The choir under the direction of Mrs. R. L. Gosnell will present special music at all of these services.

Everyone is invited to attend.

Ford Drops Super Small Car Plans

By BEN PHLEGAR
AP Automotive Editor

DETROIT (AP)—Ford Motor Co. will not build a small-small car in the United States this year. It has decided not enough people are interested in buying such a car to make the gamble worth the odds.

In an unprecedented announcement Tuesday night, Henry Ford II called off the Cardinal project. He indicated plans were continuing to build the car in Ford plants abroad.

This would make it available for import if the market changes. Ford personally never had confirmed the Cardinal. However, in a stock prospectus issued only last month, the company said it was developing such a car for fall introduction if market conditions looked favorable.

The Cardinal was to be of Volkswagen size and price, powered with a V-4 engine and front-wheel drive. A dozen hand-built prototypes had been assembled with full production slated for early July at Ford's Louisville, Ky., plant.

Development of the Cardinal began five years ago and was accelerated in 1959 when sales of small foreign cars reached their peak in this country of some 610,000 units. Imports have skidded sharply since then, totaling less than 375,000 in 1961.

The last minute decision to call things off was in marked contrast to Ford's handling of the ill-fated Edsel.

The Edsel, like the Cardinal, was conceived during a period of booming sales for its type of car. By late 1957, when the Edsel was ready the market was shrinking fast.

Ford officials later admitted they knew within the first month the Edsel was a failure. They stuck it out, however, until November 1959, building slightly more than 100,000 altogether.

Ford lost some \$250 million on the Edsel.

Everything
Counts in
Cleanup

The local Jaycees Operation Springtime continues through this week and the official tally sheet should be near completion for many who have entered competition.

Four trophies will be given to property owners or tenants making the greatest improvements and a sweepstakes trophy goes to the property owner in overall improvements in all phases.

Contestants are graded on cleanliness of alleys, yards, lots, walls, basements, attics, porches, garages etc.; on the painting of houses inside and out, floor and woodwork repair, porches, fences, outbuildings painted, screen and flower boxes, redecorated buildings, roof repairs, trimmed shrubbery, trees, stumps removed etc., and the salvage of metals, waste paper and debris around the house.

The thing to do is list any improvement, however small, as it will count on your score.

Saturday, April 14, is the final day.

Kiwanians Hear About Library Week

L. F. Slatten, Hope Elementary School Supervisor and City Chairman of National Library Week, was principal speaker before the Hope Kiwanis Club yesterday in connection with National Library Week.

Mrs. Hazel Prichard, the County Librarian also spoke.

Mr. Slatten told of the accelerated reading program in the first and second grades of the Hope schools and pointed out that each student of these two grades had averaged 31 books this year.

He said the foundation for a well informed America was reading and that much knowledge and pleasure could be derived from reading. He said that 80 percent of the adult population read newspapers and that magazines were the next highest category.

The Hempstead County regional library contains more than 36,000 books and last year circulated 147,000 books. Mrs. Prichard pointed out a bookmobile travels in Hempstead, part of Nevada and part of Miller counties, where five branch libraries are located for distribution purposes.

Tuesday's program was arranged by Ben Owen.

Mrs. Maggie Bolt, 84, of McCaskill, Dies Tuesday

Mrs. Maggie M. Bolt, 84, died at the home of a daughter, near Blevins late last night. She was a lifelong resident of Hempstead County and McCaskill. She was a member of the Methodist Church.

Survivors include two sons, Luther and Harvey Bolt, both of McCaskill; three daughters, Mrs. Jess Wood, Blevins; Mrs. Willie Long, McCaskill and Mrs. Bluford Thomas, Texarkana; a brother Odie Conaser, Mineral Springs; three sisters, Mrs. Millard Butler, Magnolia; Mrs. Tolant Cowling and Mrs. Elsie Green both of Texas.

Funeral services will be at 2:30 p.m. Thursday at Friendship Methodist Church. Burial by Oakcrest Funeral Service will be in Macedonia Cemetery near Blevins.

Blevins Senior Play April 19

"The Angel of Red Canyon" a three act comedy of the west, will be presented by Blevins Senior Class, April 19 at 8 p.m. in the school gym. The story deals with a barber who changes the whole population of the canyon.

The cast includes Sammy White, Harold Smith, Bobby Taylor, Gary Avery, James Coleman, Tommie Phillips, Patricia Roberts, Ava Hicks, Ann Rogers, Karen Woolfolk, Jean White, Mary Barham, Irma Avery, Carolyn Willis, Kenneth York is manager and MC and Mrs. Jess Timely is director.

Two Accidents Investigated

Two small accidents were investigated by local police. Yesterday on South Elm an auto driven by Jessie Mac Jones backed into a parked car owned by Mr. J. B. Daley. There was minor fender damage.

On Monday at 14th and Walker autos driven by Mrs. Ralph Rounton and Mrs. Graydon Anthony collided with boat, tender, grill and bumper damage.

Job Switching in Highway Dept. Removes All Doubt of Faubus Not Running

Low Bid on Sewer Project Is \$176,770

Bids were opened at 2 p. m. Tuesday in City Hall for the proposed sanitary sewer relocation work for the City of Hope. Bids were received from eight contractors ranging from \$176,000 to \$229,000.

The three low bidders are as follows:

Talon Construction Co., Texarkana, Texas \$176,770.23

Midwest Contracting Corporation, Dallas \$180,754.40

H. E. Wright Construction Co., Texarkana, Texas \$187,682.30

The Engineer's estimate was \$190,000. The project comprises the replacement of 8.35 miles of existing sanitary sewer mains and outfall lines. The new lines will in most instances, be constructed along side the existing old sewers in the streets.

The existing services from houses will be connected to the new lines as it progresses past residences. The sewer pipe to be used will be clay with a new type plastic joint coupling designed for flexibility to accommodate shifting soil conditions here in Hope.

Construction should begin May 14 and should be completed by Nov. 15, said John Hawkins, consultant engineer. The project is to be financed by revenue bonds sold last November.

State-Based Bomber Falls Killing Two

PALACIOS, Tex. (AP)—An Air Force B-47 bomber plummeted into a rice field Tuesday, carrying two crew members from the Little Rock Air Force Base to a fiery death about 10 miles east of Collegeport, Tex. A third flier was injured.

Officials at Bergstrom Air Force Base in Austin, Tex., identified the victims as Oaj, Robert E. Gorman, 33, a native of Bethel, Kan., the pilot, and Capt. Leo E. McCoomb, 28, of Swansea, Mass., the navigator.

Injured was 1st Lt. George R. Wilson, 28, of Kent, Ohio. Wilson was reported in good condition at Wagner General Hospital in Palacios.

Bergstrom AFB said the six-engine jet medium bomber was on a routine flight from the Little Rock base, where all three crew members were stationed. All are members of the 38th Bomb Wing of the Strategic Air Command.

SAC officials said the plane was on a routine training mission and did not have a nuclear weapon aboard.

Collegeport is located midway between Houston and Corpus Christi.

Fund for Colleges

LITTLE ROCK (AP)—The Reynolds Metal Co., of Richmond, Va., has donated \$6,500 to the Arkansas Foundation of Associated Colleges. This is the seventh consecutive year that Reynolds has made a contribution on behalf of its operations in Arkansas.

Local dentist attending the 74th annual State Convention of the Arkansas Dental Association in Little Rock this week include Sam Strong, F. D. Henry and James E. Shuffield.

2nd Lt. Charles Ruggles recently was assigned to replace 1st Lt. Conrad Dahle, who has taken a new assignment in Guam. Lt. Ruggles is stationed at Walker AFB, Roswell, N.M. and is the AF Weapons System of Supply.

At the Arkansas Baptist Hos-

LITTLE ROCK (AP)—State Purchasing Agent Mack Sturgis was hired today to head the Highway Department's Right-of-Way Division.

The move by Sturgis, who has been a key figure in Gov. Orval E. Faubus' administration since 1955, ended all doubts that Faubus definitely has made up his mind not to seek re-election.

Faubus frequently has said he regards Sturgis as one of his key advisors. Sturgis took over as Purchasing Agent in May of 1955, four months after Faubus took office.

The job change will give Sturgis a pay increase from \$10,000 to \$11,400 a year. Changes are effective May 1.

Hiring of Sturgis precipitated a number of changes in the higher echelon of the Highway Department.

Eugene Nelson, the man Sturgis will replace as chief of the Right-of-Way Division, will become office engineer, replacing W. C. Johnston. Johnston will become roadway design engineer in place of George Fry, who will be promoted to assistant chief engineer.

The personnel changes were announced by Highway Director F. R. Oliver at today's Highway Commission meeting.

Vice Chairman John Crain presided over the meeting, attended by only four commissioners. One position remains vacant because of the resignation of chairman Harry W. Parkin.

The Commission said it had not been notified who the new man would be. Faubus said recently the man has been notified he would be appointed, but the appointment has not been made and Faubus has refused to identify the man.

The improvement in the economy of Hempstead County would lead to improvement in social welfare. County Development consists of the results of a course of action planned and carried out by the people of a county.

County Development's central purpose is more job opportunities and how to make people in these jobs more productive in terms of what society wants and how to live better with what is produced. The ultimate goal of county development, therefore, is to improve employment, income opportunities and living conditions.

There will be a public meeting held at the Barlow Hotel at 7:30 Thursday, April 12. Earl Pettyjohn, Extension Rural Development Coordinator and Gregg Chappell of the Federal Housing and Home Finance Agency, Little Rock, will be the principal speakers announced Calvin Caldwell, county agent. They will explain how a county development council can be organized and discuss some of the benefits that may be derived from such an organization.

County development is a course of action planned and undertaken by the people in a county to meet the objectives which they have set for themselves and the county. It may extend over a period of years and includes both economic development and social development.

County development is a course of action planned and undertaken by the people in a county to meet the objectives which they have set for themselves and the county. It may extend over a period of years and includes both economic development and social development.

Teachers on Strike in New York, Unruly Students Run Wild

Bids on Road Work Totals \$8.6 Millions

LITTLE ROCK (AP)—The state Highway Commission opened bids today on \$8,646,275 worth of road and bridge projects, including two interstate jobs costing more than \$2 million each.

The biggest job is base and surfacing of 9.8 miles of Interstate Route 55 in Mississippi County from the junction with state Highway 158 to the Lemford Grade Separation. T. L. James Co. of Ruston, La., was the apparent low bidder at \$2,320,970.

The other big project is construction of about 7.1 miles of Interstate Route 30 beginning at the Ouachita River and extending to Nine Mile Creek in Hot Spring County.

E. E. Barber Construction Co. of Fort Smith was the apparent low bidder at \$2,255,381.

J. W. McCracken Co. of Conway bid \$14,923 on construction of bridges and approaches across Black and Cedar creeks in Perry County, but the Highway Commission said this was obviously an error since the next low bid, by D&W Bridge Co. of North Little Rock, was \$104,133. The bids will be studied, the commission said.

Besides construction of the bridges and approaches, the job includes construction of a box culvert and approaches across Cross Branch on state Highway 60 at Applin, two miles northeast of Applin and in Perryville.

Other projects, with apparent low bidders and counties:

Woodruff — 4.7 miles improvement of state Highway 45 on new location between Hilleman and Penrose, D. B. Hill Co. of Little Rock, \$242,151.

Chicot — Widening and lengthening one bridge and construction of another across Black Pond Slough on state Highway 35 1/4 miles east of the junction of Highways 65 and 35, and on U.S. Highway 65 three miles north of the junction of Highways 65 and 165, W. R. Fairchild, Ltd., of Farmerville, La., \$133,817.

Logan — Improvement of nine miles of state Highway 109, including one bridge, on the Subiaco-Seranton road, Reynolds and Williams of Little Rock, \$352,765.

Independence — 10.2 miles of improvement on state Highway 87 from Pleasant Plains to Floral, Freshour Corp. of Sweet Home, \$553,358.

Jackson — Reconstruction of approximately 17 miles of state Highway 37 from the Woodruff County line to Amagon, L-S Company of Lake Village, \$389,786.

White — Rebuilding, loading, hauling and delivering 22,800 cubic yards crushed stone base course material on the West Point-Georgetown road, state Highway 36, Ben M. Hogan Co. of Little Rock, \$68,400.

Clark — 5 miles of improvement, including two bridge — length culverts on state Highway 53 from Arkadelphia south toward Gurdin, S. M. Dixon Co. of Warren, \$238,511.

Searcy — Bridge construction and approaches across Big Creek on state Highway 14 on the Harriet-Big Flat road, Southeast Construction Co. of Pine Bluff, \$190,033.

Carroll — Improvement and relocation of 3.8 miles of state Highway 103 on the Green Forest-Rule road, Southeast Construction Co. of Pine Bluff, \$213,289.

Phillips — Improvement to approximately 3.8 miles of state Highway 14 from the city limits of West Helena south, Co-Ark Construction Co. of North Little Rock, \$124,833.

Jefferson — Improvement of nine miles of U.S. Highway 270 from the Grant County line to the junction with U.S. Highway 65 near Pine Bluff, Southeast Construction Co. of Pine Bluff, \$725,639.

Bodcaw Senior Play Friday

The Senior Class will present the annual play entitled "Always in Trouble" in the Bodcaw High School Auditorium on April 13 at 8 p.m.

Members of the cast are Jackie May, Jimmy Butler, Richard Miller, Franklin Ward, Harlin Carlier, Dorothy Lee, Carolyn Whitten, Alice May, and Kathy Boswell.

The play is under the direction of Mrs. A. E. Butler and George Gresham.

Title Asked for School Amendment

LITTLE ROCK (AP)—A proposed constitutional amendment, both backed by school forces, have been submitted for approval of ballot titles and petition forms by the attorney general.

The proposed legislation was submitted by Forrest Rozzell, executive secretary of the Arkansas Education Association, in preparation for a drive to obtain enough signatures to get the proposals on the November election ballot.

The initiated act calls for 50 per cent of the state's general revenue to be placed in the Public School Fund and specifies the purposes for which the fund can be used.

The amendment would require the state to put enough money into the Teacher Retirement System to keep it actuarially sound. It would require the actuarial valuation to be made by an actuary with at least five years experience in valuation of public employees retirement systems.

Its popular title would be "The Teacher Retirement Fund Amendment."

The initiated act which would be known as the "Minimum Public School Fund Act," would limit the fund to financing public education from grades one through twelve, operation of the state Education Department, partial support of the Surplus Commodities Distribution Service and transfers to the Teacher Retirement System.

It would prohibit the fund from being used for vocational rehabilitation services, vocational technical training schools, the state Library Commission and educational television. All but educational television now draw money from the fund.

The attorney general has 10 days from Monday to pass on the legal forms of the proposals.

Windstorm Hits
Two Communities

By THE ASSOCIATED PRESS
One bar was demolished and the roofs were ripped from two others Tuesday night as a windstorm struck the New Hope and Coffman communities south of Paragould.

Paragould reported hail three-quarters of an inch in diameter. Lightning knocked out telephone fuses, Arkansas Power & Light Co., transformers, radio facilities at station KHOZ and television relay amplifiers earlier at Harrison.

No injuries were reported at any of the storm sites.

All or part of 19 Arkansas counties south of a line from Grams in Polk County to Pine Bluff to Marianna were placed under a wind and hailstorm alert Tuesday night, but the alert was lifted at 11 p.m.

Showers and scattered thunderstorms are expected to end over the state tonight. The forecast calls for cloudy and mild.

Salaries From \$5400 - \$9500 Year Sought

NEW YORK (AP)—More than half of the City's 40,000 school teachers struck today for more pay. Classes were disrupted and many unruly children ran wild.

The Board of Education said at noon that more than 22,000 teachers had not reported for duty.

A number of the city's 840 schools, with one million pupils, closed for lack of classroom supervision. The strikers urged that all be closed "for the protection of pupils and property."

Boys freed from discipline got into wild melées at some schools and tossed articles from school windows. Those who left school pounded parked automobiles and tossed rocks and eggs.

Some 15,000 of the teachers are members of the striking United Federation of Teachers, which is bargaining agent for all. Many non-members headed picket lines set up by the strikers.

Heavy police guards ringed the schools. The police reported 4,300 pickets were marching at 5:30 schools.

The teachers walked out despite the state's Condon-Wadlin Act, which provides for dismissal of public employees who strike.

Possible impact of the strike on the political fortunes of Republican Gov. Nelson A. Rockefeller and Democratic Mayor Robert F. Wagner was being watched in GOP and Democratic circles.

Rockefeller and Wagner, who may be a candidate against him for governor this fall, have been blaming each other for the situation.

The strike was the first on such a large scale to hit the city's schools system. The federation sponsored a one-day demonstration Nov. 7, 1960, in its fight for recognition as bargaining agent for the teachers, but the schools remained open.

Teacher salaries range from \$4,800 to \$8,600 a year, with bonuses for special categories. The union is seeking to increase the figures to \$5,400 to \$9,500 a year, plus bonuses.

The situation in the first hours Continued on Page Six

Negotiators for Prisoners Are Hopeful

HAVANA (AP)—Negotiators seeking to ransom 1,179 Cuban invasion prisoners appeared hopeful today after a four-hour meeting with Prime Minister Fidel Castro.

"There is hope," said one of the exile delegation of three men and a woman after the long session. A spokesman for the negotiators said they were hopeful the prime minister would see them again.

The delegation refused to give details of their meeting with Castro, held at the home of friends of the negotiators.

News of the meeting Tuesday apparently reached the prisoners held in Principe Prison. Joyous shouts rang out from their cell blocks. Some prisoners waved undershirts from behind the barred windows to friends and relatives gathered outside.

The negotiating team arrived from Miami Tuesday in an effort to get the Castro regime to reduce its demand for \$2-million ransom for the prisoners. They said they have \$26 million at their disposal, have been pledged \$2 million more and might also be able to offer merchandise.

BANKING ON DEATH

Chapter 21

At the Algonquin Ken hurried across the sidewalk only to find Jane entering the foyer directly on his heels. They broke into parallel apologies.

"I'm so sorry. I couldn't get a taxi at my hotel..."

"... Last-minute rush. I was held up at the office..."

They broke into laughter and moved toward one of the corner settees in the lounge. Ken felt a pleasant glow of warmth and a momentary shock of surprise as he helped Jane slip out of her coat. His remembrance of Jane was so vivid that he had automatically expected her to be wearing the same blue wool dress she had worn in Boston. But she had, reasonably enough, dignified their first night together in New York with a more urban ensemble.

She slipped easily into a discussion of Ken's life in New York - his job, his apartment, his favorite places to eat. He was about to point out that this last subject had some bearing on their further plans for the evening, when two men rose from some corner chairs across the room. One man snatched up a brief case and plunged hastily toward the exit. The other was standing, collecting his belongings in a leisurely fashion - it was John Thatcher. As Kenneth had just amused Jane with a spirited and disrespectful word description of his superior, including Thatcher's paralyzing effect on erring and not-so-erring subordinates, he pointed him out. The next moment he cursed himself for the impulse. The movement had caught Thatcher's attention, and when his path inevitably brought him close to Ken's table, Jane whispered, "Oh, I would like to meet him."

Thatcher was now at hand, pausing courteously to acknowledge Ken's presence; Ken rose to perform introductions, and then, in frozen horror, heard his own voice treacherously inviting Thatcher to join them. Jane beamed welcomingly and added her own persuasions.

"Do join us if you have time, Mr. Thatcher. I've heard a great deal about you."

Ken had time for one vast, convulsive shudder, but mercifully Thatcher looked elsewhere for Jane's source of information. He had years of experience with the wives of his subordinates and was adept at overlooking extracurricular remarks.

"And how is your father?" said Thatcher blandly as he seated himself. "I regret that I couldn't get up to Framingham myself the other day."

"Daddy is fine, but, of course, he's terribly worried about this whole affair. He's so busy, you know, but he had to spend a great deal of his time soothing Aunt Grace and Martin. Actually that's why I'm in New York. Because Aunt Grace is with us now and she's always so difficult."

"I have met Mrs. Walworth," Yerger High will present its annual style show in Harris Gym Friday, April 13 at 8 p.m. Theme for this year's show is "Open Door To Spring." Admission is 5, 10 and 15 cents. Parents of Home Ec girls admitted free.

The Cotillion Club will meet at the home of Mrs. L. M. Davis on South Laurel Street Saturday, April 14, at 5:30 p.m. Mrs. L. J. Yerger is hostess. All members are requested to be present and on time.

Cemetery Assn. Holds Meet The Providence Community Cemetery Assn. held its regular meeting at the home of Mrs. Maggie Ross on April 7 with 8 members present. Leonard Ellis of Texarkana was a guest. The next meeting will be held at the home of Ermon Smith.

Engagement Announced Mr. and Mrs. Roley Guley of Hope, announce the engagement and approaching marriage of their daughter, Aline to Cleophus Phillips, son of Henry Phillips also of Hope.

The wedding will be solemnized at the Pentecostal Temple Church of God in Christ Saturday, April 14 at 7:30 p.m.

Obituary Notice Funeral service for Mrs. Mary Hicks Palmer will be held Saturday, April 14 at 2 p.m. at Providence Baptist Church, Newport. Burial will be in Epperson Cemetery. Andrews Funeral Home of El Dorado in charge.

Castoffs Take Houston to Opening Win

By MIKE RATHET
Associated Press Sports Writer

Shrewd talent appraiser Paul Richards, responsible for sticking his thumb into the National League draft bag for Houston's new entry, apparently pulled out two plumpsters, Bobby Shantz and outfielder Roman Mejias.

Plucked by General Manager Paul Richards from the Pittsburgh roster at last year's special draft to stock the new NL club, the two castoffs reigned as Houston's first heroes after leading the Colts to an 11-2 victory over Chicago in their debut Tuesday.

Shantz, 26, pitched a strong game against the Cubs, checking the Chicagoans on five hits and keeping them away from the plate until he tired in the late innings. Meanwhile, the Colts were building a 5-0 edge.

Mejias, 29, a utility man, who hit his last home run Sept. 13, 1959, connected twice for the Colts, blasting a three-run shot off Don Cardwell in the third and smacking another, with two on, off reliever Al Lary in the eighth. While the Colts were winning their debut, the New York Mets

were rained out in their scheduled opener at St. Louis in a night game. They'll try to get under way tonight, sending Roger Craig against the Cards' Larry Jackson.

Elsewhere Tuesday, San Francisco opened with a 6-0 triumph over Milwaukee behind Juan Marichal's three-hit pitching, Cincinnati ruined Los Angeles' home opener before 52,564 fans with a 6-3 victory, and Pittsburgh's Bob Friend shut out Philadelphia 6-0 on five hits.

In the American League, Roger Maris and Mickey Mantle hit league draft bag for Houston's new entry, apparently pulled out two plumpsters, Bobby Shantz and outfielder Roman Mejias.

Moose, M&M Boys Power Yanks to Win

By MIKE RATHET
Associated Press Sports Writer

The Moose is ready to add another M to the New York Yankees' M & M power trademark.

The Moose is Bill Skowron, burly first baseman for the Yankees who played the key role Tuesday as the world champions began their campaign for a third consecutive American League pennant with a 7-6 opening day triumph over Baltimore.

Skowron opened the Yankees' scoring with a two-run inside-the-park homer in the fourth, watched Roger Maris and Mickey Mantle keep New York close with homers, then stroked a single that snapped a 6-6 tie in the eighth to wrap it up.

Plagued with his back trouble throughout an eight-year career, Skowron spent the winter strengthening the ailing muscles with a specially designed series of exercises. He hit 28 homers last season and could join Maris and Mantle in a triumvirate of terror if he could avoid the doctor.

Maris, meanwhile, tagged home run No. 1, a three-run shot in the fifth off Billy Hoft.

Elsewhere, Dick Donovan got Cleveland off winging with a five-hitter that blanked Boston 4-0; Chicago edged Los Angeles 2-1; and Kansas City defeated Minnesota 4-2. Detroit and Washington were not scheduled.

In the National League, Houston made its debut with an 11-2 victory over Chicago; San Francisco shut out Milwaukee 6-0 behind Juan Marichal's three-hitter; Cincinnati knocked off Los Angeles, 6-3; and Pittsburgh blanked Philadelphia 6-0 on Bob Friend's five-hitter. New York and St. Louis were rained out.

Skowron's game-winner came off reliever Hoyt Wilhelm and it drove in Elston Howard, who had doubled after Mantle's homer.

Salaries From

Continued From Page One

after the school bells rang today was highly confused with no accurate figures of just how many teachers were off the job.

Charles Cogen, the union president, called the walkout highly effective and said he believed it would be wise to close the schools to prevent disorder in them.

Reports gave this picture: Rowdiness broke out among some 2,300 gathered in the auditorium of the Seward Park High School in lower Manhattan. The school was closed after the outbreak.

Similar scenes erupted at Evander Childs High School in the Bronx and at Stuyvesant High School in Manhattan.

At Taft High School in the Bronx, in an hour-long spree, eggs and bag lunches were tossed at picketing teachers.

In the huge residential district of Queens, only 8 of 50 schools checked were in regular operation. Pupils for the most part sat around in auditoriums and gymnasiums waiting for officials to decide what to do.

NEW YORK (AP)—A teacher strike for more pay disrupted school operations throughout the city today and led to a pupil riot at a school on Manhattan's Lower East Side.

The disorder erupted at the Seward Park High School shortly after the bell rang for morning classes. Rowdiness broke out

Ralph Terry picked up the victory, taking the mound when 25-game winner Whitey Ford left after giving up eight hits and four runs in six innings. Relief specialist Luis Arroyo hurled the final inning for the Yanks.

Donovan, 34, acquired by the Indians, in the trade that sent Jimmy Piersall to Washington, made Mel McGaha's managerial debut a success with his stand-out performance. While Donovan was throwing blanks, Woody Held drove in two runs, and John Romano and Chuck Essegian scored twice each to hand Red Sox starter Don Schwall the loss.

IN THE MATTER OF EXCESS OF REVENUES IN STREET IMPROVEMENT DISTRICT NO. 7, AND CURB & GUTTER DISTRICT NO. 3, HOPE, ARKANSAS; EX PARTE.

LEGAL NOTICE

NOTICE IS HEREBY GIVEN to all the present and former property owners in Street Improvement District No. 7, and Curb & Gutter District No. 3, Hope, Arkansas, that a petition has been filed in the Chancery Court of Hempstead County, Arkansas, praying for authority to pay over to the City of Hope, Arkansas, the splinter balances in the bank to the credit of said Improvement Districts, in lieu of refunding the same to the property owners in said Districts who paid in the funds, it being alleged in said petition that it would cost more to calculate and refund the balances than there is money involved, and that it would be to the best interests of the inhabitants of said Districts to turn the balances over to the City of Hope, Arkansas, in trust, with the understanding that the City match the funds with an equal amount of labor and expend said balances on the streets, curbs and gutters in the area of said Districts which embrace an area on South Elm Street from Twelfth to Third, and certain side streets between Elm and Main from Twelfth to Third; that said Districts were created by Ordinance No. 391 of the City of Hope, Arkansas, on November 2, 1926; that all of the obligations of said Districts have long since been paid, and that the Districts should now be dissolved, as soon as the splinter balances in the hands of the Commissioners of said Districts have been disposed of; the City of Hope, Arkansas, is now responsible for the care, keep and maintenance of the streets, curbs and gutters, in the area embraced in said Districts; and that the petition prays authority from the Chancery Court of Hempstead County, Arkansas, to turn the balances consisting of \$876.88 in Street Improvement District No. 7, and a balance of \$309.89 in Curb & Gutter District No. 3, over to the City of Hope, Arkansas, in trust, to be used as aforesaid on the improvement of the benefits originally constructed by said Districts.

All parties interested in said petition are hereby notified that the matter will be considered by the Chancery Court of Hempstead County, Arkansas, in the Courtroom at Hope on May 15, 1962, at 9:00 o'clock a. m.; all interested parties should file any objections or exceptions to said petition on or before that time and date.

THIS NOTICE GIVEN BY ORDER OF THE COURT on this 3rd day of April, 1962.

Leaders in the Major Leagues

By THE ASSOCIATED PRESS

PITCHING — Juan Marichal, Giants, fired three-hitter, striking out 10, and contributed to attack by hitting double and single, scoring twice and knocking in two runs in 6-0 opening game victory over Milwaukee.

BATTING — Roman Mejias, Colts, hit pair of three-run homers that provided all the runs needed for new National League entry to beat Chicago 11-2 in debut.

Board of Education "agrees to make available more than \$33.8 million."

Cogen, who immediately lined up with the majority, said teachers were victims of a "starvation budget."

The teachers, whose present wages range from \$4,800 to \$8,600 a year with bonuses for special categories, originally had asked \$53 million. The city said it would be hard-pressed to come up with even \$27 million.

Fishing Report Around State

LITTLE ROCK (AP) — The state Game and Fish Commission reported one change in fishing conditions around the state today.

Lake Maumelle: Bass and crappie are fair on live minnows and deep running jigs.

Henderson Scores Win Over A&M

ARKADELPHIA, Ark. (AP) — Henderson State Teachers College, led by sprinter Raymond Cheatham, scored a 67-61 track and field victory over Arkansas A&M here Tuesday.

Cheatham won the 100-yard dash, the 220 and 440 and participated on the Reddies' first place 440-yard relay team. He was high scorer for the meet with 16 1/2 points.

RUSSELLVILLE, Ark. (AP) — Wilbur Owen scored 17 1/2 points here Tuesday to lead the Arkansas State Teachers College track team to victory over Arkansas Tech and College of the Ozarks.

ASTC took first place in 14 of the 16 events and compiled a total of 99 points. Tech had 49 and Ozarks finished with 15.

Owen won the 100-yard dash, the 220 and the 220-yard low hurdles. He also was a member of two winning relay teams.
